Among our other projects are:

The Chagrin Valley Jaycees is a membership organization comprised of individuals between the ages of 20 to 40 whose purpose is to aid its community. We are a non-profit society and affiliated with the United States Junior Chamber of Commerce. Members of the Jaycees enjoy personal growth with others of similar backgrounds, interests, and professions.

Community development and service are at the heart of each Jaycee. We strive to be active in our community by supporting programs and projects which benefit our town, our families and our own lives.
